The academy boys played the same team from start to finish, working the forward pass several times for good gains. They could gain in no other way, however, and were unable to hold Bates's heavy backs. Bates played old-fashioned line plunging and end runs, using no tricks.

**Fultons Beat Germans at Soccer.**

At Van Cortlandt Park yesterday the Fulton Football Club defeated the eleven of the German Football Club by the score of 4 goals to 1. Reihmann scored first for the Germans, and Slater equalized for the Fultons in the first half. In the second period Slater, Jackson and Hayes tallied in the order given.

as keenly as his American forerunners, W. K. Vanderbilt, Mr. Widener, H. B. Duxree and others. Schilling will be Mr. Mackay's ranking jockey.

One reason why Mr. Vanderbilt is not a favorite of the French is that he has turfed season's results in his order not to buy horses which are likely winners of the big events. It is reported that he said some time ago, "Let men of moderate means owning horses have a chance of winning. I will give away my share of the wealthy racing men to find the probable winner of some 100,000 franc event in the possession of a poorer man than to buy it regardless of the expense so as to insure the glory of winning."

**Giants Will Not Grudge Globe.**

The New York Giants will not make the proposed trip around the world arranged by Manager McGraw, it was announced yesterday afternoon. It is said that the delay in making the National League participant and other important business of the leader is responsible for the abandonment of the journey. ■

Continuing their good work of the previous Saturday the soccer football eleven of the Central Y. M. C. A. of Brooklyn played the second game to its credit yesterday by defeating the team of the Bensenhurst J. C. Club at Union Park. The Centrals scored three goals—one in the first half and two more in the second—and would have doubled their score had it not been for the exceptional work in goal on the part of Bender of Bensenhurst. The home team was blanked.

the right field wall. After the trouble picking up a fly, Wagner wouldn't have had a two-bagger with any help left in the sixth. Wagner singled with a bunt out. He stole second. Meyer's throw was a trifle wide, but to the right of it, Ibar and Fletcher was able to make the swing at the Dutchman's ball. Wagner, with much to see that he touched, went on to second. But Orth didn't see it so, and Wagner loitered at second only long enough to take a half hitch in his breeches. He sneaked half way down the line and worked a delayed error. Meyer and the club didn't track a time and a half for his aim for the third base. He was in his grand for the shot, but threw into the ground past Shea, but threw in with a long sliding stop.

MILWAUKEE, Sept. 21.—"Wanted, a Noah," was the cry sent up by the promoters of the automobile road races when daylight showed the skies still deluging

—**Trenkman in Backfield.**  
PRINCETON, Sept. 21.—The Tigers wound up their second week of practice with another stiff thirty minute scrimmage on University Field this afternoon. The cooler weather put lots of pep into the men and the showing was encouraging. As in all the scrimmages so far this season the varsity was kept on the offence. Cunningham's aim appears to be to get his backfield well trained in the use of this end tackle back formation. This shift was used continuously and with fair suc-

CARLISLE, Pa., Sept. 21.—The Carlisle Indian football players opened their season this afternoon, defeating Albright College 19 to 7. The substitutes included

These dates were set by the drivers, who were asked to name their own terms to save the race managers from the failure threatened by the prolonged storms. The race committee decided to leave the issue to the drivers, whether to postpone the races for two or three days or for a longer period. The drivers decided it would be best to wait two weeks, until a period of the year when Milwaukee rarely has rain. They voted unanimously to remain here, and enter the postponed races.

The local automobile managers agreed

They were able to plough through for from five to twenty yards at a clip. Two touchdowns were scored, the first being the result of a run outside of the line by Backus and Pendleton, and a couple of backward passes by Eddle Trenkman, who is still substituting for De Witt at fullback. Pendleton scored the second tally after receiving a twenty-five yard pass from Andrews on a fake end run. Several other passes were tried out, but were not successful.

Only one change was made in today's lineup, Logan being at right tackle in place of Eddle Trenkman. The latter went to the scrubs.

to gain ground consecutively and made the eleven incline toward conservative ways instead of using tricks and running the risk of a defeat. The Indians of the teams to-day was practically the same as that of last year as was the forward passing. The extra length allowed did not seem to make much difference.

There was a noticeable elimination of kicking.

Albright and its first team to six years, the record shows promise of great things. Four of five of the men were real stars. The Indians to-day mixed up their regulars with new material, at no time having more than six varsity men working.

The investment of the Milwaukee managers is about \$55,000 and the postponement of the races is the financial salvation of the local promoters. The rain has been troublesome to an extent never before seen in automobile racing. There have now been ten consecutive days of rain.

ITHACA, N. Y., Sept. 21.—Although Head Coach Sharpe was not at the field to-day the Cornell football squad went through a sharp practice, in which a game between the first and second teams was a feature. Sharpe went to New York to attend the meeting of football officials and incidentally planned to stop off at New Haven and watch the Yale team at work. Sharpe is a former Yale star.

Capt. Eddie Butler gave evidence to-day that he had lost none of his cleverness as a kicker. He made the first field

PARIS, Sept. 21.—Clarence H. Mackay's entrance into French racing means the severance of the partnership which existed between Jockey O'Neill and the American trainer, Fred Burlew. They have kept an establishment at Maisons-Laffitte since 1903. O'Neill will remain as W. K. Vanderbilt's private trainer and Burlew will direct Mackay's stables at Chantilly, with which Mr. Mackay intends to race as keenly as his American forerunners, W. K. Vanderbilt, Mr. Widener, H. B. Durfee and others. Schilling will be Mr. Mackay's ranking jockey.

One reason why Mr. Vanderbilt is no longer first or second in the entire French turf season's results is his order not to

Open play and frequent use of the forward pass characterized today's melee. Butler and McElvaine carried out a large number of forward passes, the new ball game proving particularly adept at grabbing the bull in the air and foiling the efforts of the scrum ends and linebackers who plunked for it at the same time. He made a number of sizable gains. A good deal of line plunking also was resorted to.

A new guard was tried out in Munsey, a heavy, good sized man, who may develop. Otherwise there were no changes in the makeup of the varsity.

The Columbia Yacht Club closed its season yesterday with a regatta for motor boats. A feature was a race between the Peter Pan, owned and captained by Peter Simpson, and the Axis, owned by P. C. Havens. These two cruising cabin boats had won in their respective classes in the Motor Boat Carnival, and they were brought together yesterday. The Peter Pan, Sr. won. The other class winners were Theophile Kick's Elise, W. J. Brainerd's Gunfire, Jr., P. Duffy's Squaw and J. B. Conklin's Slisp.

first half and two more in the second--and would have doubled their score had it not been for the exceptional work in goal on the part of Bender of Bensonhurst. The home team was blanked.
